

# Welcome to Year 1

Mrs Bland's Infant and Nursery School

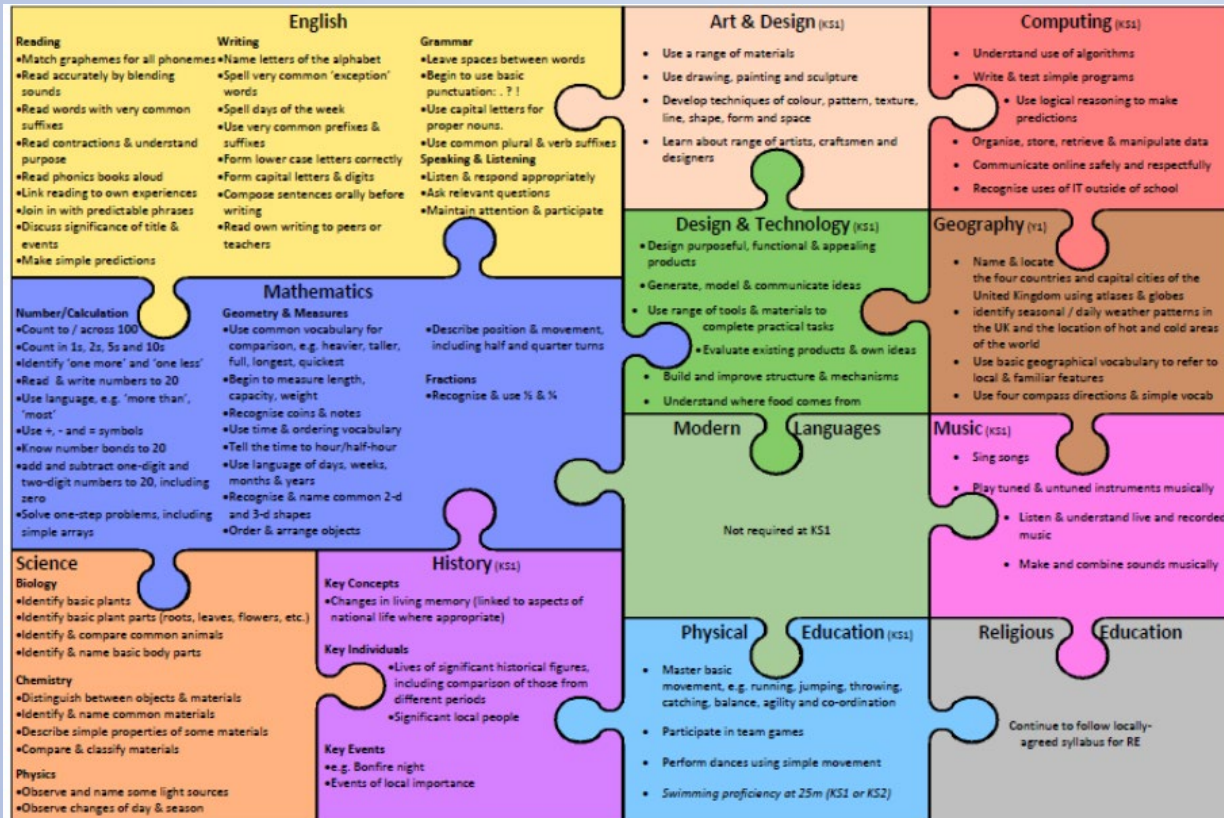

# Transition to year 1

- We recognise that Key Stage 1 is different to Foundation Stage and we aim to manage the transition in a **gradual, staged approach**, which allows children to adapt during the Autumn term.
- In Year 1 children will still have the opportunity for:
  - using the outdoor classroom
  - Using construction equipment like mobile, lego
  - Using small world and role play
  - Working in small groups
- **But they will start to experience more whole class teaching and work more independently.**

# Curriculum overview

- We teach the National Curriculum objectives through a topic based approach.
- This term our topic is 'Toys'. Next term the topic will be 'To infinity and beyond – space'
